

# Contec® DualClean™ Quiltec® Cover

## Sealed edge polyester cover for use with DualClean Softwall Strip Cleaner Frame

The DualClean Softwall Strip Cleaner is a unique system that enables one operator to easily and quickly clean both sides of 4"-12" (10 - 30cm) plastic strip curtains in a single pass there by reducing time to clean softwall strips. The system consists of a cover that is installed over a stainless steel frame with two curved-surface arms.

Made of 2-ply knitted polyester, the Quiltec Cover for the DualClean Softwall Strip Cleaner is compatible with a wide variety of solvents and disinfectants. It is ideally suited for more critical cleanroom environments.

The DualClean Softwall Quiltec Cover is laundered in an ISO Class 4 Cleanroom.

For best performance, use saturated with suitable solvent or disinfectant.

Covers are fully autoclavable with a recommended cycle of 121°C for 30 minutes.

### Features & Benefits

- Extremely clean and durable
- Can be sterilized by most common methods making it ideal for critical environments
- Improves cleaning performance by trapping and removing contaminants
- Compatible with most common solvents and disinfectants

### Performance Characteristics

#### Product Information

Cover material	100% knitted polyester
Construction	2-layer, ultrasonically bonded, interlock knit
ISO Class	4-8
cGMP Grade	A/B - for sterile version, C/D - for non-sterile version
Compatible Mop Frames	2778
Shelf Life	For Sterile Products: 2 years from manufacturing date
