

# CONSTIX™ Swab, SP-3

## Sealed knitted polyester swab

### Description

The SP-3 is a sealed polyester swab consisting of 100% knit polyester fabric thermally bonded to a polypropylene handle. The head of the is thermally attached to the handle without adhesives or binders, and is made from cleanroom wiper polyester fabric. The polypropylene handle provides excellent resistance to most common solvents, acids, and bases. The sealed polyester head provides the lowest contamination risk of any other type of swab. Durable, absorbent, and features extremely low particulate and residue levels.

### Technical Data

Swab head material	100% knitted polyester
